Exercise 4 Extra – Mensch-Maschine-Interaktion 1

Reflecting on your study behavior
(Individual & group homework)

Read the following article:

Martin Spiewak: „Hier rein, da raus - Universitäten sollten endlich die Vorlesung abschaffen“

1. Reflect
Reflect on classes from your last semesters and your activity:
- How many classes were you attending with/without exercises and literature study?
- What do you remember from classes without practical exercises?
- Is it worthwhile for you to do exercises?
- What are possible barriers for doing exercises?
- What are your goals for your studies? What do you want to become expert in?

2. Discuss
Discuss your experience with fellow students and in tutorials.
